SATURDAY, MAY 12.

HENDERSON REBUKED.

The Democratic county convention re-convened in Columbus Saturday to consider the matter of endorsing Samuel H. Smith's candidacy for congress. A large crowd was present and H. B. (High Boss) Henderson of Columbus opened the ball by a villainous attack on Mr. Smith. The fight was interesting, but it terminated just as we thought it would—in the endorsing of Mr. Smith. The following resolution was adopted:

"Whereas, a delegate convention of the Democrats of Cherokee county, Kansas, in the city of Columbus, held on the 19th day of April, A. D. 1900, did by their unanimous act of said delegate convention assembled endorse Samuel H. Smith, of Baxter Springs, Kansas, as their candidate for congress. Be it therefore

"Resolved, That the Democrats of said county at an adjourned session of said convention assembled do hereby reaffirm our action of said 19th day of April, 1900, and do hereby re-endorse the said Samuel H. Smith as our candidate for congress and re-affirm our faith in his honesty, uprightness, integrity and ability."

SAM SMITH ENDORSED AGAIN.

The democratic and populist convention re-convened at Columbus Saturday for the purpose of reconsidering the vote on the endorsement of Sam Smith for congress at the previous convention of the two parties last month. The reason for reconvening the convention, to take back the endorsement was on account of some charges that had been made against Mr. Smith after he had been endorsed for the nomination for congress. At Saturday's convention Mr. Smith, with his friends and his evidence to disprove the charges as made, were on hand and met his defamers. There were 122 votes in the convention, and after an all day session and a complete discussion of the charges, Mr. Smith disproved them, and about 4:30 p. m. a resolution was presented and passed re-endorsing Mr. Smith and instructing the delegation from Cherokee county to the congressional convention to cast the vote of this county for Sam Smith's nomination for congress in the third district. The vote stood 52½ against and 69½ in favor of the resolution.—Galena Lever.

And the blow almost killed Henderson.

The ball given by the ladies of St. Prisca's Guild at the city opera house Thursday night was a swell affair. A good crowd was present from Columbus, Galena and Joplin, and an enjoyable time was had. Music was furnished by the Columbus orchestra of thirteen pieces, and it was fine. Delicious refreshments were served.

It has been suggested by the Hutchinson News that the poor devil in Wichita who thinks he has twelve kings buried in his garden may not be so dangerous as the fellow who has three kings buried on his hand and is drawing for one more. And thus we are able to follow the trend of western Kansas thought.

"Five years ago," says the Marshall County News, "a Blue Rapids man bought a three-quarter Jersey calf, two weeks old, paying \$2 for her. He has kept a careful account and finds that the expense of keeping her since then amounts to \$47.70, while the receipts—sale of calves, butter and milk—foot up the tidy sum of \$473.08, leaving the tidy profit of \$425.38 for the five years."

When you get tired, go to Reunion Park. There you will find plenty to amuse and entertain you. A fine gasoline launch will ply on the river and there will be fifty rowboats also. "I have trained my boys," writes an aged Emporia mother, "to help care for their sisters. When they made pennies they took it as a matter of course that they must divide with Bessie and Mary. I think the proudest day in Jack's life was when he bought a whole dress for his sister. When my sons came to marry, they each knew something about what it costs to support a woman. They also knew that certain measures of their time, interests and attention in a social way was a woman's due. I took care that the girls should have as good training along feminine lines. They were made to feel the responsibility of keeping their brothers' clothes in order, buttons sewed on, rooms dainty, and above all things, of entertaining the boys, making home sweet, merry and attractive for them. My girls knew by the time lovers came a-wooing what the cares and responsibilities of looking after a man's comfort involved."

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of anything else for indigestion and biliousness; doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of the digested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sold by DeWitt & Thompson.

The motive of Sivert was robbery. The case occurred at Lituya bay, where all the parties concerned were in the employ of a mining company.
